"The Marsh Inn" is run by Mrs Grayson and her grandson York. Among the guests are Louis Westcott - a frail young man who turns out to be a drug addict and Una Debrek a research scientist. Una and Louis are in legume together to smuggle radio active material out of the country. When Louis loses his sight due to the drugs he has been taking - York who has discovered what is going on - sees an opportunity to get hold of money. Una persuades him to murder Louis and take his place
